1. Description of Project:

BINGO! During the month of December, patients received points (bingo cards) for attendance, completing treatment, and phosphorus goal.

1 point per treatment

1 point completing entire treatment-if they were unable to complete treatment, due to access issue, the patient still received the point

3 points for meeting phosphorus goal

Possibility of earning a total of 43 points (bingo cards)

During the month of January, we played Bingo. Prizes ranged from hats, umbrellas, sugar free candy, puzzles, coloring books/pencils, candle, dish towel set, toaster, bath towels, gloves, coffee mug set, trash bags, and storage containers.

2. Outcomes Measured:

Attendance

Compliance

Phosphorus Lab

3. Summary of Outcomes/Results:

Attendance and compliance increased

4. Impact on Patients:

Patients really enjoyed the interaction of Bingo during treatment! We will definitely continue to play on a regular basis for fun!!

5. Lessons Learned:

Patients responded well to the incentive of playing bingo and the chance to win prizes
